

SUITABLE FOR: CORBUSIER, DA VINCI, AALTO, BREUER, SERT, AND SERT WAVE

TF-15 FIXATION SYSTEM

Metal profile, bolted and welded on both sides of the mesh, with mirror polished finish.
Fastening is accomplished by connecting the clevis screws to the flat bar, inserting the screws through the holes.
The set includes flat bars, clevis screws and an additional screw set. All parts are made of AISI 316 material.
